Subject Re: Copart

Will do, Simon.

Also, please don't forget that we still need to do the true-up for the renewal Property values. We must update the statement of values for all locations new or relocated in the past year. Also need the current contractors equipment schedule. Here is a copy of the mockup values statement I drafted earlier, and last years off-road equip schedule for reference.

Property Statement of Values 8-8-05.xls

Property - Off Road Equipment 10-1-04.xls

Thanks!
